

# DEH

## Digital Engagement Hub:

The goal of the Digital Engagement Hub (DEH) is to increase and improve local and scalable engagement and accountability by facilitating multi-channel communication.

[www.510.global/DEH](http://www.510.global/DEH)

**“To build trust with communities, we need to understand and act on local knowledge and community feedback. As a Federation of local responders, we have a unique duty to ensure that community engagement is at the core of all we do.”**

Jagan Chapagain, Secretary General, IFRC

Facilitates multi-channel communication between humanitarian actors and people affected by disasters and crises.

Provides actionable insights into feedback from people affected.

Collaborated with 8 National Societies
